SURVIVORS OF THREE MER-

AGO ALSO BROUGHT IN—PINAR  
DEL RIO IS LATEST VICTIM.

(International News Service)

Atlantic City, June 10.—Cannon  
firing was heard off the coast here  
shortly after noon today, about ten  
miles away. Earlier in the day a sub-  
marine was sighted off the coast here  
but at that time it was believed to be  
an American craft on patrol duty.

An Atlantic Port, June 10.—Capt.  
Mackenzie, of the Pinar del Rio, the  
latest victim in American waters of a  
German U-boat, landed here today  
with 15 members of his crew. The  
United Fruit freighter, Taunton, pick-  
ed them up at sea.

Elizabeth City, N. C., June 10.—  
Crews of two vessels sent to the bot-  
tom Saturday morning 50 miles off  
Cape Hatteras by German submarines  
arrived here today and will be brought  
ashore immediately.

(International News Service)

An Atlantic Port, June 10.—Seventy-  
eight distressed seamen were brought  
into this port today aboard an Ameri-  
can steamer. Thirty of them were  
from the steamer City of Wilmington,  
which burned at sea in April; 12 were  
from the schooner City of Pensacola  
and 36 from the steamer Mauba, both  
of which were lost at sea some time  
ago.

### EIGHTEEN VESSELS ARE BAGGED BY U-BOATS.

(International News Service)  
Washington, June 10.—With a bag  
of 18 vessels of various sizes to their  
credit, the German U-boats continued  
today to operate off the Virginia  
Capes.

So far they have managed to elude  
all the defensive craft sent in search  
of them. The nearest approach to  
getting them has been an exchange of  
shots between a destroyer and a U-  
boat off the capes and while reports  
indicated that the German pirate dis-  
appeared, naval officials are inclined  
to believe that she successfully sub-  
merged and was not sunk.

Sinkings to date have been within  
a very small area off the coast of New  
Jersey, the Del-Mar Peninsula and  
the Virginia Capes.

Officials are convinced that the U-  
boats are following out the previously  
arranged plan to blockade as much  
as possible the coast trade route.

Hereafter the movements of vessels  
along the coast will be directed by  
the navy.

The navy department was without  
confirmation today of the report that  
two destroyers had been sighted off  
the Virginia Capes with a U-boat in  
tow.

ASK BAKER WHY  
WOOD REMOVED

(International News Service)

Washington, June 10.—The senate  
military affairs committee this after-  
noon called upon Secretary Baker for  
an explanation of the removal of Gen-  
eral Leonard Wood from command of  
the 39th division.

### Huns Threaten Violation Of Holland's Neutrality

London, June 10.—An Amsterdam  
dispatch to the Express quotes a high  
German official as stating that "when  
Zebrugge and Ostend are completely  
blocked, Germany will use the Scheldt  
river as a submarine base, even if it  
does add another enemy to Germany's  
list."

The report indicated that Germany  
would violate Holland's neutrality by  
using the Scheldt route to the open  
sea.

### Soldier Boys Appreciate Support Of The People

JIM JOHNSON WRITES THAT  
BACKING OF HOME FOLKS  
MAKES THINGS WORTH WHILE.

That the soldier boys appreciate the  
backing they are receiving from the  
folks at home is stated by Jim John-  
son, formerly of the Brock & Spight  
company, and one of the Twin Cities'  
best known young business men, in a  
letter to W. R. Shelton, of the Daily.  
The liberty is taken of printing the  
letter, which is as follows:

Camp Jackson, S. C., June 5, 1918.  
Dear Mr. Shelton:

It just occurred to me tonight that  
it might be something amiss to tell you  
how much we Twin City and Morgan  
county boys appreciate the Daily.  
When one of the boys gets a bundle  
of papers from home it takes only a  
few minutes for all the home boys to  
get off by themselves and go to read-  
ing and talking.

While in civil life I would hear  
much about "support the boys." While  
I knew it was right that we do that,  
yet I didn't think the soldier boys  
paid much attention to it, but I tell  
you they do. We appreciated the good-  
send-off you gave us. Then when  
Decatur-Albany came through with  
such flying colors on the Liberty  
Loan and Red Cross drive they were  
also proud. Nearly every time the  
home boys would meet about the first  
thing they would say would be, "I  
tell you, they are sho' backing us up  
at home." It helps wonderfully. You  
are conserving food and we are not  
wasting it. If a man leaves the mess  
hall with a crust of bread on his plate  
his name is taken and he is given ex-  
tra duty. I have heard the mess ser-  
geant say, "Save the crusts, we can  
use them," and they do, because we  
have lots of bread pudding.

I am in the artillery ammunition  
train. We are drilling hard already.  
We have our rifles and have drilled  
with gas masks. We are a part of  
General Bailey's 81st division, known  
as "The Stonewall Division." Its em-  
blem is a wildcat. This emblem is  
on all trucks and other property of  
a division. Most of this division is  
at Greenville. We may go there  
later on; we may go from here to  
port. A private never knows where  
he is going.

### U. S. CASUALTIES NOW TOTAL 7,315

(International News Service)

Washington, June 10.—Casualties  
among the American expeditionary  
forces thus far reported by General  
Pershing, including Sunday's list,  
total 7,215, the war department an-  
nounced in making public the first  
of regular weekly summaries of casu-  
alties.

Deaths in action, and from wounds,  
disease, accidents and all other  
causes number 2,927, while 4,046 men  
have been wounded and 242 are miss-  
ing in action, including men held  
prisoner in Germany.

Killed in action (including 291 at  
sea), 1,043.  
Died of wounds, 310.  
Died of disease, 1,392.  
Died of accidents and other causes,  
302.

Wounded in action, 4,046.  
Missing in action (including pris-  
oners), 342.  
Total, 7,315.

While no official explanation was  
given for the decision of the depart-  
ment to advise the country weekly of  
the exact total of casualties since the  
landing of the first American forces  
in France last June, it is understood  
that it reports largely from wide-  
spread reports that casualties had  
been very heavy and that total fig-  
ures were being withheld from the  
public.

### 74 NAMES APPEAR ON CASUALTY LIST

(International News Service)

Washington, June 10.—Seventy-four  
casualties in the American forces  
were announced today, divided as fol-  
lows: Thirteen killed in action, 5  
died of wounds, 1 of disease, 1 from  
aeroplane accident, 1 from accident  
and other cause, 46 were wounded se-  
verely, 7 wounded slightly.

The list was headed by the names  
of six officers.

The only southerners mentioned  
were Private Howard Morgan, Cov-  
ington, La., killed in action; Private  
James T. Kelley, Smithville, Ga.,  
wounded severely.

### DR JOHNSON HEARD SUNDAY AT FIRST BAPTIST, DECATUR

"PRE-EMINENCE OF CHRIST" IS  
STRESSED BY VISITING  
MINISTER.

Religious services at the First Bap-  
tist church of Decatur were especial-  
ly impressive yesterday morning be-  
cause of the able and inspiring ser-  
mon by Dr. A. J. Johnson, of Oxford,  
whose theme was: "The Pre-eminence  
of Jesus Christ."

The usual hymn service preceded  
the sermon and in addition Mrs. A.  
H. Hanson sang the solo, "Is He  
Yours," the accompaniment being  
played by Mrs. T. M. Dix.

The preacher said in part:  
"The great war that is now raging  
is a demonstration of the colossal  
truth that Christ is pre-eminent in  
all things. A little boy said to his  
father that the great sun must be  
God's service flag—that He must  
have a son in the conflict. And in-  
deed Jesus Christ is in this conflict  
in the beauties of the lilies Christ was  
born across the sea; with a glory in  
His bosom that transfigures you and  
me. As He died to make men holy  
let us die to make men free. He has  
sounded forth His trumpet that shall  
never sound retreat. Oh, be swift my  
soul to hear Him, be jubilant, my  
feet."

"Remember that Christ is pre-  
eminent."

"In these days of strife and con-  
flict how we need to remember that  
our Savior is the one pre-eminent in  
all things. In creation He is pre-  
eminent. 'Before Abraham was,' said  
Jesus, 'I am.' In the beginning with  
the Father was He to command the  
light to shine out of darkness. His  
life did not begin at Bethlehem and  
end with the ascension from Olivet.  
For He always was and always will  
be. In history also Christ is the char-  
acter pre-eminent above all others."

"The Son of God, in whom we have  
our deliverance, is the manifestation  
of God, the Lord of the universe, and  
the Creator of all things in Heaven  
and on earth. He is the head of the  
church and in Him all the fulness of  
divine grace dwells. The purpose of  
God in all of this is that Christ may  
be first in all things."

"All that occurred prior to the  
Bethlehem birth, pointed forward in  
one way or another to the Christ of  
Calvary and all that has taken place  
since His ascension has related di-  
rectly or indirectly to Him. The  
standing marvel of all the ages is  
Christ Himself, the Rock of Ages."

"Pre-eminent also in wisdom is He  
the multitudes marveled at His  
teaching because He spoke as one hav-  
ing authority. All systems of philos-  
ophy, education and government  
which fail to recognize Him must go  
into the ditch, for His gospel is the  
supreme element in civilization."

"Hushed be the voice and strife of  
the schools,  
Volume and pamphlet, sermon and  
speech,  
The lips of the wise and the prattle  
of fools,  
Let the Son of Man teach.  
Who has the key to the future but  
He?  
Who can unravel the knots of the  
skein?  
We have groined and have travelled  
and sought to be free;  
We have travelled in vain.

### GOOD GAIN MADE ON 20-MILE FRONT BY GERMAN ARMIES

Enemy Line Advanced Between Montdidier  
And Noyon

REALLY IS A FRENCH VICTORY

Ground Won Was Less Than In The Previous  
Grand Assaults

That the latest German drive between Montdidier and Noyon where  
the Picardy-Aisne battle fronts link up was intended as a real offensive in-  
stead of a diversion was made virtually certain by the continuation of the  
heavy German assaults all along the 21-mile battle line during the night.

In the violent fighting which raged on both flanks and in the center the  
Germans were able to advance about one mile at one point by using masses  
of reinforcements. This gain was made at the cost of heavy losses. This  
is the fourth drive to be launched since the Germans first drove against  
Amiens on March 21. It appears from the developments of the past 36 hours  
that the chief local offensive of the Germans is Compeigne.

It is evident that more than 17 divisions, approximately 205,000 Ger-  
man soldiers, have been thrown into the battle.

Without using any of his reserves, Gen. Foch's brave troops have been  
able to stem the German rush and last night it was held practically at a  
standstill.

With the American Army in France, June 9.—Aside from normal ar-  
tillery firing, the American fronts in the Toul and Lunville zones were  
quiet throughout Sunday.

(International News Service)

With the American Army at the Marne, June 9.—This was the first day  
of comparative rest the Americans on the Marne front have had in nearly  
ten days.

French troops on the right and left of the American sector struck out  
at the Germans during the night and captured some prisoners. There  
were a few minor skirmishes between our men and the enemy.

(International News Service)

Washington, June 10.—Again the Germans have failed to dent the  
American line northwest of Chateau Thierry, said Gen. Pershing in today's  
communique. A fresh attack by the enemy in the vicinity of Boursches  
was broken down.

(International News Service)

Paris, June 10.—Assaults in the new German drive between Noyon and  
Montdidier have continued with great violence, the war office announced  
today.

On the Marne front French and American troops have gained further  
ground in the sector of Braussaires, capturing some prisoners. It is now  
substantially stated that the German losses have been extremely heavy.

Paris, June 10.—The long range bombardment of Paris was resumed  
today by the Germans.  
In the Franco-American operations around Brussaires, 250 German  
prisoners were taken.

### AMERICAN POSITIONS ARE SHELLED BY THE GERMANS

(International News Service)

With the American Army on the

Picardy Front, June 9 (7 p. m.).—Al-

though German artillery preparations

preceded the recommencement of the

offensive extended to the northwest of

Montdidier where Americans are lo-

cated, the infantry attacks were con-

centrated to the eastward on the

Montdidier-Noyon line.

GERMANS ADVANCED 2-1/2 MILES

ON A TWELVE-MILE FRONT

(International News Service)

Paris, June 10.—The latest German

thrust over a 21-mile front between

Montdidier and Noyon where the Ger-

mans pressed forward at some places

a distance of two and a half miles,

and to a greater depth at one point,

found the French fully prepared.

In his attack, which began on Sun-

day morning, the German crown

prince hurled 17 divisions into the

battle, as well as numerous reserve

troops. A German division is esti-

mated at from 11,000 to 14,000 men.

The assault was strongly supported

by artillery and in the preliminary

cannonading the Boches used great

quantities of gas shells.

The entire front line was mowed

down by the defender's machine guns.

Throughout the entire day the fight-

ing was very violent. The slightest

German advance was on the flank, but

in the center they succeeded in press-

ing forward on a front of between

two and three miles, penetrating the  
French salient.

Military critics considered Sunday's  
battle as a very important French vic-  
tory in the fact that Paris

is no longer menaced, at least for the  
present. The war experts say that  
this is the first time that the Germans  
have attacked so furiously with such  
small results.

Whether Americans took part in the  
battle was not known at the time this  
dispatch was written.

Americans on the Cantigny sector  
were violently bombarded with gas  
shells, high explosives and shrapnel.

### Lansing Says The War Must Go On

Until Prussianism Is Dead, America  
Must Continue to Fight.

(International News Service)

Schneectady, N. Y., June 10.—"Prus-

sianism with its disordered ideas, its

false conceptions and its intolerable

cruelties must be brought to an end.

Until these objects are accomplished

we must go on with the great world

war," said Secretary Lansing in an

address before the student body of

Union College here today.

### Telegrapher's Strike Curbed By President

(International News Service)

Washington, June 10.—There will

### IMPROVED TRAIN SERVICE SUGGESTED TO NITRATE CITIES BY W. H. SMITH

TOWN CREEK BUSINESS MAN  
PUTS PLAN BEFORE ALBANY  
AND DECATUR COMMERCIAL  
BODIES.

SCHEDULE CHANGE SUNDAY

"NEWSBOY" TO AGAIN MAKE  
SHEFFIELD, RELIEVING MO-  
TOR TRAIN FOR USE BETWEEN  
DECATUR AND THAT PLACE.

A movement to secure better train  
facilities between the Twin Cities  
and the Tri-Cities was started here  
this morning by W. H. Smith, a promi-  
nent merchant and business man of  
Town Creek, who put an idea of his  
own before the Albany Board of Com-  
merce and the Decatur Boosters Club.

It was expected that a joint meet-  
ing of the two commercial organiza-  
tions would be held this afternoon to  
make final plans for securing the im-  
proved service.

Mr. Smith learned that the South-  
ern Railway is to inaugurate a change  
of schedule effective next Sunday es-  
tablishing the morning "Newsboy"  
train from Memphis to Sheffield. The  
Southern objects to extending the  
train further east than Sheffield be-  
cause it would mean working another  
crew under the eight-hour law. Mr.  
Smith also learned that the motor  
train between Memphis and Colliers-  
ville, Tenn., will be discontinued on  
this date and will be available for  
use between Sheffield and the Twin  
Cities. It is his idea to get this  
train and use it on two round trips  
between the nitrate plants and De-  
catur and Albany for the accommodation  
of employees of the government works  
who live here and along the line.

The plan was enthusiastically en-  
dorsed by Twin City business men  
this morning and final plans to put  
through the scheme will be made to-  
day. Mr. Smith will return to Town  
Creek tonight.

It is expected that the commercial  
organizations of Courtland, Town  
Creek, Leighton and the Tri-Cities  
will also get behind the proposed im-  
proved service, as all of the towns  
between Decatur and Sheffield would  
be largely benefited, while conges-  
tion at the nitrate cities would be  
greatly relieved.

### HOOVER TRAILING ALL RETAIL DEALERS WHO TRIM PUBLIC

(International News Service)

Washington, June 10.—Herbert  
Hoover today sprang a surprise when  
he declared that retail dealers found  
guilty by local authorities of short-

weighing, misrepresentation of qual-  
ity, or a violation of the pure food  
laws are guilty of profiteering.

"Any other questionable trade prac-  
tice that shows the merchant taking  
advantage of the consumer implies  
the same tendency and will be pun-  
ished if we get the evidence," declared  
Mr. Hoover.

### Henley Returns From Meeting Secretaries

H. F. Henley, secretary of the Al-  
bany Board of Commerce, returned  
Sunday from Greenville, where he at-  
tended the meeting of the Southern  
Commercial Secretaries' association.  
This meeting was attended by about  
60 representatives from a dozen differ-  
ent states, and many matters of in-  
terest were discussed. At the mid-  
week luncheon of the Board of Com-  
merce, to be held Wednesday, Mr.  
Henley will make a full report.

the injured are expected to live.

## LACK OF KNOWN STANDARDS

## CAUSES WAGE INEQUALITIES.

In its preliminary report some weeks ago of the wage commission which sat on the matter of granting increases to all railroad employees the statement was made that the basis of the new wage scale would be the old scale, "as this had been worked out in actual experience."

In taking such a position the wage scale commission remained in harmony with the faith and practice of the leaders of the English-speaking race since the time certain of them told old King John at Runnymede, a thing or two. The point is these English yeoman did not try to tell John Alf. of what he had to do. They did not map him out a program. They only asked a few definite things. The wisdom of those early Anglo-Saxons lies in this fact: The human race is too big a thing to have a definite program mapped out for it. Stated in another way, revolutions, radical changes and destructive methods have never found favor with the greatest of liberty-loving races. Our cave-dwelling ancestors, when they wanted living apartments, did not blast and blow up their cave houses. On the other hand they just enlarged the old cave. When our later ancestors wanted a different house they did not destroy the old house. They remodeled it and built to it. The chief demand on King John at Runnymede was that none of his king-tribe should enter a private house without due process of law. If the Runnymede farmers had killed John and set up Bohemism, there would never have existed those great civilizations that have blessed all mankind since the days of the Magna Charter.

Now abrupt and violent opposition to the evident inequalities of the present, much discussed wage scale, will not be in keeping with the best traditions of the English-speaking races, and any such opposition should be attempted—a thing extremely unlikely—would meet with a cold, chilling reception from the American public. More especially so from patriotic people, and those who have connections with France, dependent on American industry. If wage scale makers had known as much about their business as the astronomers turned out to know about the recent eclipse, everything would have gone along swimmingly. But as they did not know what to do, they seem to have resorted to the common expedient of doing as little as possible. The permanent wage commission now on the job should be looked to for a completion of the work only begun by the special wage commission headed by Messrs. Walsh and Taft. In the meantime those in sympathy with and familiar with the way free people have always settled great questions will go on in the even tenor of their way—help win the war, complain as little as possible, and maintain to the end an abiding faith in President Wilson and his advisors.

The permanent wage commission now on the job should be looked to for a completion of the work only begun by the special wage commission headed by Messrs. Walsh and Taft. In the meantime those in sympathy with and familiar with the way free people have always settled great questions will go on in the even tenor of their way—help win the war, complain as little as possible, and maintain to the end an abiding faith in President Wilson and his advisors.

## A THOUGHT FOR USE SUNDAY, AND EVERY OTHER DAY

BY OBSERVER.

The service card is as important as is the service flag. We are in an economic as well as a military war against Germany. Americans are not in an economic war among themselves. Please be governed accordingly. Those loved ones indicated by the stars on the service flag are to "star" on the battlefield for you. Our marines have certainly starred at the Marne, have they not? Your name on a time card is your daily pledge to your soldiers, brother. Keep it! Though other friendships should suffer, be sure that your soldier friendships prosper. Our soldiers in France are bearing the "ark of the covenant" of a better day. Will you jar it from their sturdy shoulders? Will you stop their warfare by failing to use your tools in the greater economic warfare? It is a safe bet that the women folks are putting no threat in when they ask for more money. They are too true to their murdered sisters and to their dependent brothers in arms for that! One day from your place in the labor fields will have its effect on the field of battle. If the Hun wins, whatever your earnings, they will be like the bitter apples of Sodom!

And how about those who are waiting for George to do it?"

To hell with them!

You idle, when the world is reeling under the blows of a despot? You

idle, when hell's right arm, dagger-pointed is literally brandished in your face? Are ease and rest so dear that they are to be had at the risk of death to justice and right? Forbid it, Almighty God!

Now, our rights in our home land are important. Rights are always important, but RIGHT, spelled with big capitals, is always more important than "mere rights." And any "rights" gained now, by individuals or groups of people at the expense of the soldiers and their efficiency on the battlefield, will be vigorously and successfully disputed when the "boys come home." Money taken to the soldiers' disadvantage will be considered "blood money," and it will rise up to curse its possessors. Make no mistake about that.

How about those American marines again, whose bayonets just this week drove the Germans from the Marne? Is not to feel such soldiers better than to feed ourselves? Yea, verily! Is not to clothe them better than to clothe ourselves? I should think so, by a d—d sight! What shall I profit a man if he gain all his "rights" and yet deny himself the "privilege" of helping fight against and work against the despoilers of the weak? And, finally, if we don't get busy and stay busy we are liable to lose our own national soul to a German despot. Who will be the first to get a quicker move on?

DR. SHOLL CONDUCTED THREE INSTALLATIONS ON YESTERDAY.

Rev. W. N. Sholl did not occupy his pulpit yesterday, as he was called out of the city to assist in the installation of Rev. Stevenson as pastor of the Presbyterian churches at Belle Mina, Hartselle and Lacon. The services were held in the morning at Belle Mina, in the afternoon at Hartselle and at night at Lacon. Dr. Bailey, of Huntsville, a Presbyterian elder, also assisted in these services.

## Flag Day June 14th

FOR FLAG DAY.  
Pledge of Allegiance and Creed.

"I pledge allegiance to my Flag, and to the Republic for which it stands. One nation indivisible with Liberty and Justice for all."

American's Creed: (To be said in unison.)

"I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign States; a perfect union, one and inseparable, established upon those principles of freedom, equality, justice and humanity, for which American patriots sacrificed their lives and fortunes."

"I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag, and to defend it against all enemies."

### KEEP THE HOME FIRES BURNING.

They were summoned from the hillside.

They were called in from the glen, And the country found them ready At the stirring call for men. Let no tears add to their hardships, As the soldier's pass along. And, although your heart is breaking, Make it sing this cheery song.

Keep the home fires burning, While your hearts are yearning, Though your lads are far away. They dream of home; There's a silver lining Through the dark cloud shining. Turn the dark cloud inside out Till the boys come home.

### FLAG DAY JUNE 14th.

This year Flag Day is fraught with so much meaning, since, for the first time, men of all nationalities who have adopted America as their country are banded together under the flag in foreign lands. The patriotic zeal of the foreign-born citizen has been manifested in every crisis. Today he is working hard in American industrial plants to help win the war and is welcoming every opportunity to join Americans in paying tribute to our flag.

The Daughters of the American Revolution have always been forward in a public demonstration on this day. This year everybody will rally and strengthen the spirit needed to complete the vision of our boys marching home victorious.

Music moves us and we know not why. It inspires us to deeds of valor and to deeds of sacrifices, and we cannot explain. It makes us happy at times and sad at others. We feel tears and cannot trace their source. We unconsciously smile and wonder why. It is the language of another state and born of its memory. Nothing can awake the soul's strong instinct like music.

Westminster Presbyterian church was crowded to capacity last evening to enjoy the beautiful song service given under the capable direction of the organist, Mrs. B. B. Pickens.

The "Belle Amen" by the choir was the opening number, and for ensemble work was splendid. The congregation as one arose and at the first chord from the organ sung "America" with a oneness of genuine patriotism.

The Wilson-Schubert arrangement of the Schubert Serenade, with Miss Hartung in solo and choir accompaniment, gave to the congregation the emotional charm of this great composer.

"Like As a Hart," solo by Miss Hartung, sustained the impression made by the former number and gave full play to her voice, disclosing gifts of a promising nature from this student of voice.

In "Ten Thousand Times Ten Thousand," Mr. Owen gave to the hearers Carrie Jacob Bond's message in a voice of flowing sweetness.

Gounod's "The Lord is My Light," by Mrs. A. A. Hardage and Mr. Pickens, was sung with an intelligent interpretation of this master's exquisite work. A solo by Mrs. A. A. Hardage, "Gethsemane," was sung with characteristic tonal tenderness. Each number rendered was a credit to the director from a point of musicianship and selection.

Mrs. George Ward and children, of Birmingham, are guests of relatives here. They were former residents of the Twin Cities.

Mrs. E. L. Orr is the guest of her brother, W. L. Brisby on Fourth avenue South.

Miss Annie Ruth Brisby accompanied by her grandparents, left Wednesday for their home in Culleoka, Tenn.

Mrs. George Redding is all.

Miss Frances Todd left Saturday for Chicago.

Mrs. Sadie Evans has returned from a visit to the Tri-cities.

Miss Georgia Nunn is visiting relatives at Florence.

To the strains of the Bridal Chorus from "Lohengrin," beautifully rendered on the harp by Mr. Angelo Cortese, the bridal party descended the stairs to the altar, decorated in pink peonies and palms.

The bride, who was given in marriage by her father, was gown in white satin embroidered in silver with silver overdraperies, with a veil caught by orange blossoms. ## PRIVATE BLACK WRITES TO DAILY

May 12, 1918.

To the Albany and Decatur Daily, Albany, U. S. A.

From a Soldier Boy in France, May 12, 1918, Mother's Day.

As General Pershing has asked all of us boys in France to show our love and patriotic feeling to our dear mothers throughout the state of dear old U. S. A., I will also say a few words to my friends of Morgan county.

Leon Holland and I entered into the 1917, and were sent to Fort Oglethorpe, Ga., and a few days later W. A. Hamer, John L. Davis and Claude Parish were sent over. The two latter and I were sent to Fort Morgan, Ala., and now we are enjoying life in France together.

Last night I met Benson Bryant, of Battery C, who is also from Albany, and has a brother, Jay Bryant, who is working in the machine shop, where I was working when I enlisted. He also has a step-sister, Mrs. Birtie Lee Dixon, of Stevenson, Ala., nee Miss Bertie Lee Budgers, a school teacher friend of mine while teaching at Daniel, Ala.

Now about the war. I know nothing about it, but we will eat Christmas dinner at home in dear old U. S. A. in 19—

This is a beautiful country where I have seen everything in full bloom, green and looking good, but yet it is old and rains most of the time. We have plenty to eat and a good place to sleep; also a good U. S. A. Y. M. C. A. Believe me, the American Red Cross and Y. M. C. A. are playing a wonderful good part in trying to do their part in winning this war. Now if the good farmers throughout the states will only do their part in raising plenty of wheat, Irish potatoes, peas and other grain to supply the great demand for feeding us boys, we will always come out winner. Bread made from wheat, Irish potatoes, beans and peas is our most principal food; so try and see who will raise the most of each, you farmers.

Y. M. C. A. workers and the good Red Cross workers throughout the states of dear old U. S. A. have my love and best wishes. Any one who wishes to write to me, my address is—

Yours truly,  
Private John E. Black, Battery B 1st Battalion, French Artillery, American Expeditionary Force in France

# IMPORTANT NOTICE!

## JUNE 28, 1918

### PROCLAIMED

# National War Savings Day

President Wilson Calls Upon Loyal Americans To Pledge Themselves To Save and Invest In War Savings Stamps To The Limit of Their Ability On Or Before June 28.

THE GOVERNOR OF ALABAMA ISSUES HIS PROCLAMATION NAMING JUNE 28 AS NATIONAL WAR SAVINGS DAY IN THIS STATE

Meetings Will Be Held In Every Community On That Day To Secure Pledges To Buy War Savings Stamps.

Pursuant to the appeal of the President of the United States, the call of the Secretary of the Treasury and the proclamation of the Governor of this State, I, War Savings Director for Alabama, acting under the authority of the United States Treasury Department, have called all tax payers and wage earners to meet on Friday, June 28, to pledge themselves to buy War Savings Stamps. In rural communities and the smaller towns and cities, meetings will be held in the school houses at 2 p. m.

The school officers will conduct the meeting in each school house, keeping a record of the proceedings and reporting the names of all persons present and the amount of War Savings Stamps subscribed for by them. The names of absent persons, and those who refuse or neglect to subscribe, with their reasons for so doing, will also be reported.

War Savings Stamps (which are United States Government Bonds the same as Liberty Bonds), can be paid for during any month in the year 1918, but it is intended that subscriptions will be signed for them on June 28.

The price of each War Savings Stamp depends upon the month during which it is bought. During June each Stamp will cost \$4.17. In July each Stamp will cost \$4.18, and so on, one cent more each month during 1918. On January 1, 1920, the Government of the United States will redeem all War Savings Stamps at \$5.00 each, no matter during which month in 1918 they were bought. They cost less during the early months in 1918 than during the later months because the person who buys earlier has loaned his money to the Government for a longer time than if he should buy later.

By way of illustration, note the following table:

Cost of War Savings Stamps During June, July and August, 1918.	Cost in June	Cost in July	Cost in August	and Are Worth on Jan. 1, 1920
1 Stamp.....	\$4.17	\$4.18	\$4.19	\$5.00
10 Stamps.....	83.40	83.60	83.80	100.00
50 Stamps.....	208.50	209.00	209.50	250.00
100 Stamps.....	417.00	418.00	419.00	500.00
500 Stamps.....	2085.00	2090.00	2095.00	2500.00

The law provides that no person can hold in his own name War Savings Stamps exceeding \$1,000 maturity value. War Savings Stamps, however, may be purchased for other members of the family, including minor children.

The money invested in War Savings Stamps is not a gift, or a donation, but is a loan to the Government. It will all be paid back with 4 per cent. compound interest. If, because of some serious financial reverses, or calamity, it should be necessary to get your money before January 1, 1920, you may do so by giving ten days' notice to any Money Order postmaster, in which case you can get what you paid for the Stamps, with interest to date of payment. The Stamps are free from all State and local taxes; they are registered at the postoffice they are insured against loss; they are backed by all the property in the United States; they cannot fall in value below the price you pay; they are as convenient and as well paying an investment as has ever been offered by our Government.

A definite quota of War Savings Stamps has been assigned each school district and community, which will be announced at each meeting on June 28th. The Government of the United States expects all the citizens of every school district and county to subscribe for its quota, and to pledge themselves to save and economize to help win the war.

It is to be hoped that the subscriptions taken at the meetings in your county will show you and your neighbors to be loyal Americans to whom our Government, in this hour of need, does not call in vain.

CRAWFORD JOHNSON,

Alabama War Savings Director appointed and acting under the authority of the Secretary of the United States Treasury.

## The Joy Of Coming Motherhood

A Wonderful Remedy That is a Natural Aid and Relieves the Tension.

The expectant mother revolves in her mind all we understand by destiny. And it is of the utmost importance that her physical condition be our first thought.

There is a most splendid remedy for this purpose, known as Mother's Friend. It is applied over the muscles of the stomach, gently rubbed in, and at once penetrates to relieve strain on nerves, cords and ligaments. Mother's Friend is for external use only, is absolutely safe and wonderfully effective. It enables the expectant mother to preserve her health and strength and she remains a pretty mother by having avoided the suffering and danger which would otherwise accompany such an occasion. Every nerve, muscle and tendon is thoroughly lubricated.

Mother's Friend is prepared by the Bradfield Regulator Co., 1201 E. Lamar Bldg., Atlanta, Ga. They will mail you an interesting booklet "Motherhood Book." Write them to send it to you, and in the meantime send or show to your druggist today for a bottle of Mother's Friend.

# FOOD FACTS

## The United States Food Administration

RICHARD M. HOBBIE  
Federal Food Administrator for Alabama  
Montgomery, Ala.

BULLETIN NO. 57

Shall We Spoil a Good Job?

To Ginners and Seed Merchants.

Under a proclamation of the President of the United States, dated May 14, 1918, the amount of cotton seed that a person may handle without a license was reduced from 150 tons to 20 tons.

All ginners who gin yearly between September 1st and August 31st enough cotton to produce therefrom 20 tons of cotton seed will be required to procure a ginner's license. This applies to private as well as public gins.

All persons who buy yearly between September 1st and August 31st 20 tons of cotton seed will be required to procure a seed merchant's license. If a person purchases cotton seed from tenants or renters and also receives cotton seed as rent, the amount he received as rent must be included in calculating whether or not he handles 20 tons a year. Seed that a person raises himself or by hired labor need not be counted.

Certificate Number Three.

Certificate No. 3 is valid thirty days after date of issue, which means that neither the consumer nor the retailer may use the same after the expiration of the thirty days. By signing this certificate and surrendering it within the thirty-day period to a flour miller or wholesaler, the retailer may purchase the same amount of flour delivered to the consumer, which amount is stated below paragraph four of the certificate.

Attention is called to the ruling that no family in Alabama should purchase more than 48 pounds of flour per month, where the certificate Form No. 3 is used. The same ruling should apply to all families in the state who purchase flour. In the first place, six pounds of flour is a liberal allowance. Further, the situation with regard to wheat is the most serious in the food supply of the Allied world. Many of the hotels and thousands of families in the United States have voluntarily agreed to abstain from wheat and wheat products until the next harvest. We understand that the counties of Marengo and Perry in this state have voluntarily agreed to use no wheat until the next harvest. We are therefore, of the opinion that no family in our state should use more than 48 pounds of flour per month.

Separate Accounts Kept.

The attention of manufacturer using sugar is called to the fact that certificates to buy sugar issued from this office bear the stamp "Statement A" and "Statement B."

Certificates stamped "Statement A" are issued to buy sugar for use in making beverage syrups, candy and less-essential articles. Certificates stamped "Statement B" are to buy sugar for use in canning or preserving and in making ice cream.

It is not lawful to use sugar purchased with certificates marked "Statement B" for making beverage syrups, candy and other less-essential articles. When your supply of "Statement A" certificates has been used you must discontinue the use of sugar in making articles for which this form of certificate was granted.

This means that you will have to keep separate accounts and a separate stock of sugar when engaged in the manufacture of the essentials and less-essentials.

It is important that these instructions be complied with.

Return Sugar Certificates Promptly.

All wholesale and retail dealers selling sugar should be careful to follow the rule which provides that the certificates taken up by them must be returned at the end of each month to the Sugar Division, Alabama Food Administration, Montgomery, Ala. The number of certificates returned on June 1st indicate that many dealers have not followed this rule. It is absolutely necessary that these certificates be returned promptly and every dealer to take notice of the fact and act accordingly.

Sales of Mixed Flour.

All sales of mixed flour by the retailer, must be made in accordance with the Federal allowance of not exceeding six pounds per person per month. Retailers must sell not more than one-eighth of a barrel of mixed flour to any town customer at any one time and not more than one-quarter of a barrel to any country customer at any one time.

## Carmichael And Ashcraft Enter Race For Senate

In Colbert county interest centers in another contest for political honors. A. S. Carmichael has announced as candidate for senator from the Thirty-first senatorial district, composed of the counties of Colbert, Franklin and Marion. ## Judge Troup Has A Busy Half Hour

Married Two Couples Sunday Afternoon In Thirty Minutes.

Probate Judge L. P. Troup had a busy half-hour Sunday afternoon shortly before 1 o'clock. Twice within thirty minutes he was called upon to say the words that made happy couples man and wife.

Hewlett Terry and Lola Peebles, of Wheeler's Station, Lawrence county, were first made man and wife. They drove up in a Henry, accompanied by another couple, and five minutes later were on their way home. The groom, sweltering in the midday heat, had removed his coat as he hurried to the auto.

The next wedding party consisted of two couples, but one of which had matrimonial intentions. Sixteen neighbors gathered in to witness the ceremony. Joe Reed and Miss Alice Arnett, of Hillsboro, Lawrence county, were the groom and bride, respectively. They were soon united in the bonds of matrimony and after the bride had wiped away a tear with the declaration that "nothing can make me cry," they departed amid a chorus of congratulations.

The two grooms were recent registrants.

Bewildered, dejected and prone to despair, To Him, as at first, we turn and beseech, Our ears are all open, give heed to our prayer, Oh, Son of Man, teach."

"Pre-eminence in redemption also is Jesus Christ. His mission in the world was a life giving mission. He came to redeem men and women from the awful bondage of sin, and He alone is able to make men free. Wealth, culture and social position all fail to satisfy the craving expressed by Tennyson: 'And, Oh, for a man to arise in me that the man I am may cease to be.' Only Christ has power to save."

"And then, too, Christ is pre-eminent in the Christian life. His claim on your life and mine is the claim above all others. The one great business of the Christian is to honor the Christ. In the home, in the shop, in the place of business, in the social life, in the school and in the office, He is to have our first consideration. Above Czar, king, emperor, prelate and pope and president is the Christ of Calvary."
